11.2 SCHOOLS AND LIBRARIES – (Cont'd)

- 11.2.1 If the customer has not been approved to receive E-rate discounts, whether or not its application is pending, the 50% discount will be applied to the CTF-eligible services after deducting a statewide average E-rate discount (determined by the CPUC) from the billed amount.
- 11.2.2 If the customer has been approved to receive E-rate discounts, the 50% discount will be applied to the CTF-eligible services after deducting the actual E-rate discounts from the billed amount.
- 11.2.3 The statewide average discount is deducted from the customer's services solely for the purposes of calculating the CTF discount. The statewide average discount shall be added back to the billed amount for payment by the customer. However, when the customer receives its approved E-rate benefit, the customer's account will be retroactively adjusted to reflect the approved E-rate.
- 11.2.4 If the customer's application with the federal E-rate has been denied, the 50% CTF discount shall apply to the full rate of the CTF-eligible services.
- 11.2.5 If the customer is a necessary small school, the 50% CTF discount applies to the full rate of the CTF-eligible services, unless the customer presents the federal E-rate discount, at which point the federal E-rate discount shall apply before applying the CTF discount.
- 11.2.6 If the customer subscribes to CTF-eligible services that are ineligible for E-rate discounts, the 50% discount applies to the full rate of the CTF-eligible services.

11.3 HEALTH CARE INSTITUTIONS

Only municipal and county government owned and operated hospitals and health clinics, and district owned and operated hospitals and health clinics qualify for the discounted rates for health care institutions.
