1.2 Tariff Information and Use

1.2.1 Tariff Page Format

(A) Page Numbering

Page numbers are located in the upper right corner of each tariff page. Pages are numbered sequentially. When a new page must be added between existing pages, a decimal and number is added to the page number, to sequentially number the new page. For example a new page between existing pages 20 and 21 would be numbered 20.1. A new page added between pages 18.1 and 18.2 would be numbered 18.1.1.

(B) Page Revision Numbering

Page Revision Numbers are located in the upper right-hand corner of each tariff page. This number is the most recent page revision on file with the California Public Utilities Commission (CPUC). Due to Notice Periods, and changes in Effective Dates, the most recent page on file with the CPUC may not be in effect. Consult the Effective Date on a specific page and Check Sheets to determine if that page is in effect.

(C) Date Filed

The Date Filed in the lower right corner of each tariff page is the date that page was filed with the CPUC.

(D) Effective Date

The Effective Date in the lower right-hand corner is the date the page is scheduled to go into effect (at 12:01 a.m. on that date).

(E) Advice Letter No.

The number of the Advice Letter filing is shown in the lower left corner of each tariff page.
