A34. INTRALATA MESSAGE TOLL TELEPHONE SERVICE

34.1 GENERAL

34.1 GENERAL

34.1.1 APPLICABILITY

Applicable to message toll telephone service finished or made available by this Utility over facilities within its LATA.

34.1.2 TERRITORY

Between points within the State of California where the respective rate centers of such points are located in said State within the LATA where the Utility's service area is located.

34.1.3 RATES AND CHARGES

(A) METHOD OF APPLYING RATES

Toll rates between points (cities, towns or localities) are based on the airline distance between rate centers. In general, each point is designated as a rate center; certain small towns or localities are assigned adjacent rate centers with which they are closely associated for communication purposes.

To determine the airline distance between the rate centers involved – SureWest (T) assents, adopts and concurs with Pacific Bell's Schedule Cal. P.U.C. No. A6.2.7.A. and B. for the V&H Coordinates of the rate centers.

(1) Dial station rates apply to:

(a) Sent-Paid messages dialed and completed by the customer from a residence, business or pay telephone without the assistance of a Utility operator.

(b) Sent-Paid messages placed with the assistance of an operator where:
Dial completion facilities are not available.

Equipment or circuit conditions cause unsuccessful dial attempts.

 - (b) (Cont'd)

The customers identify themselves as being handicapped and unable to dial.

The Utility operator must identify the calling number where automatic recording equipment is not available.

The Utility operator reestablishes the connection after a service failure on a customer dialed call.

The California Relay Service communication assistant completes a call between a TDD and a non-TDD telephone.

The customers are identified as being visually or physically impaired (mobility impaired and they use a Utility operator [except pay telephones])

(B) OPERATOR ASSISTED SERVICES

- (1) Operator Station Service - Dial Station rates plus the operator station service charge apply to:
 - (a) Station messages billed to the called number or a third telephone number.
 - (b) Station messages where the customer requests time and charges quoted.
 - (c) Messages to or from a Mobile telephone where dial facilities are not available.
- (2) Operator Person Service - Dial Station rates plus operator person service charge apply to:
 - (a) Messages for which the person originating the call specifies a particular person to be reached at the called point or a particular station, department, office or branch reached through an attendant at the called point or a particular land mobile station reached through a Radiotelephone Utility operator.
 - (b) When, after the telephone service, or Radiotelephone Utility mobile radio system called has been reached, and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other station department, office or branch to be reached through an attendant or to any other person or mobile unit to be reached through an attendant or to any other person or mobile unit to be reached through a Radiotelephone Utility operator, the call remains classified as a person service call.

(2) Operator Person Service - (Cont'd)

(c) Appointment Messages when the person originating the call wishes arrangements made in advance with a particular party or station for the establishment of a connection at a specified time, the call is classified as an appointment call.

(3) Coin Station Service and Coin Person Service includes:

(a) Coin station rates apply to station messages originating at a pay telephone that are paid for by coin deposit.

(b) The coin person service charge applies to person messages originating at a pay telephone that are paid for by coin deposit.

(c) The charge for a call paid by the coin deposit in a pay telephone is the sum of the appropriate initial period and additional minute coin station charges plus a person service charge and/or Federal Tax, if applicable, rounded to the nearer multiple of \$0.05.

(4) Collection of Charges

Charges for all classes of telephone calls are billed against or collected from the calling telephone number. However, upon request, calls between points within a LATA may be placed on a non sent-paid basis and toll charges may be:

(a) Billed against or collected from the called telephone number, except a pay telephone number (i.e., charges may be reversed) if the charges are accepted at the called station.

(4) Collection of Charges - (Cont'd)

(b) Billed against or collected from a third telephone number or account, except a pay telephone number, anywhere in the United States or Canada where such billing is accepted at the third telephone.

Exception - California Relay Service calls may only be billed to a third number within California.

(c) Billed against another telephone company (credit) calling card account when the party requesting such billing is authorized to use such (credit) calling card.

Exception - California Relay Service calls may only be billed to a calling card issued within California.

(5) Local Operator Verification/Interrupt Service

Where facilities and operating conditions permit, the Utility's Toll Operators may verify a busy line condition and/or interrupt a conversation in progress at the calling party's request. The charges for such service are \$.50 to verify and \$1.00 to interrupt.

No charge will apply when the Operator finds the called telephone line to be out of order.

(C) TIMING OF MESSAGES

(1) Chargeable time for calls placed on a dial, Operator, Coin Station, or California Relay service basis begins when connection is established between the calling station and the called station or private branch exchange switchboard or Radiotelephone Utility system.

(2) Chargeable time for calls placed on an operator or coin person basis begins when connection is established between the person calling and the particular person called, another party acceptable to the person calling or the private branch exchange extension station called or mobile unit reached through a Radiotelephone Utility.

(C) TIMING OF MESSAGES - (Cont'd)

- (3) Chargeable time for all messages ends when the calling station hangs up: thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Utility operator.
- (4) Chargeable time for dial (IMTS) Mobile Telephone service messages starts when the channel is seized by the calling party, or the operator when operator assistance is required, and stops when the first party or the operator disconnects.

(D) INITIAL PERIOD AND ADDITIONAL MINUTES

Rates are quoted in terms of initial period and additional minutes.

(1) Initial Period:

Dial Station (including coin), Operator Station, Person Service, and California Relay Service.

Initial Period rates shown following, are for connections of one minute or any fraction thereof.

Coin Station and Person Service.

Initial period rates shown following, are for connections of three minutes or any fraction thereof.

(2) Additional Minutes:

All additional minute rates shown following, are for each additional minute or any fraction thereof that the connection continues beyond the initial period.

A34. INTRALATA MESSAGE TOLL TELEPHONE SERVICE

34.2 RESIDENCE DISCOUNT CALLING PLANS

34.2.1 SUREWEST TELEPHONE AREA PLAN

(A) APPLICABILITY AND TERRITORY

Applicable to the SureWest Telephone Area Plan ("Area Plan") in connection with residence individual line flat rate, residence individual line measured rate, residence universal lifeline flat rate, residence universal lifeline measured rate exchange service and foreign exchange service furnished within the SureWest Telephone exchange area. (T)

(B) DESCRIPTION OF SERVICE

(1) General

- (a) The Area Plan is furnished as an adjunct to one-party residence exchange services and provides for directly dialed toll as specified in Schedule Cal. P.U.C. A34.1.3 preceding.
- (b) For a fixed monthly rate the Area Plan offers to one-party residence exchange service customers a discount as shown in (D) following on directly dialed calls within the LATA.
- (c) Each individual call is computed on the basis of whole minutes, a fraction of a minute being considered a whole minute. For all messages, a fraction of a minute is charged as a full minute.
- (d) The Area Plan message rates are applicable during the time of day when the conversation takes place as specified in Rates and Charges following. This is in accordance with the time system - standard or daylight savings - legally or commonly in use, and will determine the applicable rate period treatment. In cases where the message extends beyond one rate period, the appropriate rate treatment as specified in Schedule Cal. P.U.C. No A34.1.3, IntraLATA Message Toll Telephone Service applies to the respective portions of the message.
- (e) Minimum billing as set forth in Schedule Cal. P.U.C. No. A2.1 is applicable to the monthly rate for the Area Plan.

(C) REGULATIONS

(1) Limitations of Service

- (a) Person, collect, conference, third number billed, toll stations or any other calls requiring operator handling except as specified in 2., following, are not included and will be billed at the regular toll or ZUM rate schedule applicable to the type of call.
- (b) The Area Plan may not be furnished to any residence exchange service that is interconnected, physically, acoustically or by any other means to any other line, facilities or service at the customer's premises to extend a two-point connection beyond the originating station and called station location.
- (c) The Area Plan will not be furnished in connection with multi-party (operator identified) or any business service.
- (d) The Area Plan is limited to one plan per one-party residence service. The LATA subscribed to by the customer must be the LATA in which their residence service is served from.

(2) The Area Plan Discounts apply to:

- (a) Sent-Paid messages dialed and completed by customers from one-party residence service without the assistance of a utility operator during the rate periods as shown in Rates and Charges, following:
- (b) Sent-Paid messages placed with the assistance of a utility operator where:
 - (1) dial completion facilities are not available.
 - (2) equipment or circuit conditions cause unsuccessful dial attempts.
 - (3) the customer indicates they are handicapped and unable to dial.
 - (4) the utility operator must identify the calling number where automatic equipment is not available.
- (c) Sent-Paid messages reestablished after a service failure on a customer call.

A34. INTRALATA MESSAGE TOLL TELEPHONE SERVICE

- 34.2 RESIDENCE DISCOUNT CALLING PLANS - (Cont'd)
34.2.2 SUREWEST TELEPHONE COMMUNITY SELECT PLAN - (Cont'd)

(B) DESCRIPTION

(1) General

- (a) The Community Select Plan is furnished as an adjunct to residence individual line service and provides for directly dialed and California Relay Service to communities within the LATA as defined in Pacific Bell Schedule Cal. P.U.C. No. A6.2.7.
- (b) Minimum billing as set forth in Schedule Cal. P.U.C. No. A2.1 is applicable to the monthly rate for each Community Plan.
- (c) Each individual call is computed on the basis of whole minutes, a fraction of a minute being considered a whole minute. For all messages, a fraction of a minute is charged as a full minute.
- (d) The Community Select Plan message rates are applicable during the time of day when the conversation takes place as specified in Rates and Charges following. This is in accordance with the time system - standard or daylight savings - legally or commonly in use, and will determine the applicable rate period treatment. In cases where the message extends beyond one rate period, the appropriate rate treatment as specified in Schedule Cal. P.U.C. No. A34.1, "IntraLATA Message Toll Telephone Service" applies to the respective portions of the message.
- (e) For a fixed monthly rate the Community Select Plan offers to one-party residence exchange service customers a discount as shown in E.1 following, on dial station calls for the community selected by the customer and for non-community calls within a customer's service area.

(C) REGULATIONS

(1) Limitation of Service

- (a) Person, collect, conference, toll or any other calls requiring operator handling, except as specified in 2., following, are not included and will be billed at the regular toll or ZUM rate schedule applicable to the type of call.

(C) REGULATIONS - (Cont'd)

(1) (Cont'd)

(b) The Community Select Plan may not be furnished to any residence exchange service that is interconnected, physically, acoustically, or by any other means to any other line, facilities or service at the customer's premises to extend a two-point connection beyond the originating station and called station location.

(c) The Community Select Plan will not be furnished in connection with multi-party calls (operator identified) or any business service.

(2) Community Select Plan applies to:

(a) Sent-Paid messages dialed and completed by customers from one-party residence service without assistance of a utility operator during the rate periods as specified in Rates and Charges following.

(b) Sent-Paid messages placed with the assistance of a utility operator where:

(1) dial completion facilities are not available.

(2) equipment or circuit conditions cause unsuccessful dial attempts.

(3) the customer indicates they are handicapped and unable to dial.

(4) the utility operator must identify the calling number where automatic equipment is not available.

(c) Sent-Paid messages reestablished after a service failure on a customer call.

34.3.1 BENEFIT 50 AND BENEFIT 1000 - (Cont'd)

(D) REGULATIONS - (Cont'd)

- (10) For Benefit 50, each individual call is completed on the basis of whole minutes, a fraction of a minute considered a whole minute. For all messages, a fraction of a minute is charged as a full minute. For Benefit 1000 each individual directly dialed call is completed on the basis of six (6) second increments with a minimum billing of 18 seconds per message. For all messages, a fraction of a minute is rounded up to the next six second increment.
- (11) Customers subscribing to Business 1000 Option 1A or 2A must have a minimum of \$225.00 in billed WATS, MTS, 800, Roseville Telephone FEX toll and Remote Call Forwarding toll usage in order to qualify for Benefit 1000 Option 1A or 2A, per location (continuous property as defined in Schedule Cal. P.U.C. No. A2.). For Digital Business or PBX customers, location is defined as the first point of switching.
- (12) For Benefit 1000 Option 1A or 2A a customer location must demonstrate a one month minimum billing of \$225.00 for MTS, 800, WATS, Roseville Telephone FEX, or RCF usage.
- (13) A new customer with no billing history over the previous 12 months who wishes to subscribe to Benefit 1000 must first subscribe to Benefit 50. If during the first full three bill rounds the customer reaches a total of \$675.00, the customer will be automatically changed to Benefit 1000 the following bill round (nonrecurring charge does not apply).
- (14) If a customer subscribing to Benefit 1000 Option 1A or 2A does not meet the average monthly billing of \$225.00, see (D)(11) preceding, over a 12 month period, the customer will be changed to Benefit 50 in the 13th month.
- (15) Customers subscribing to Benefit 1000 Option 1B or 2B must have a minimum of 8,000 per month Minutes of Use (MOU) in billed WATS, MTS, 800, Roseville Telephone FEX toll and Remote Call Forwarding toll usage in order to qualify for Benefit 1000 Option 1B or 2B, per location (continuous property as defined in Schedule Cal.
